

Fun is practically my middle name

Furever Friends Cat Rescue is a nonprofit organization based in Altona. We operate with volunteers, donations, and support from our community. Our mission is to rescue the lost, abandoned, and homeless cats in our community. We are dedicated to the care and wellbeing of our local feral cat population and to help educate the public on the need to spay/neuter pets, the prevention of animal cruelty, and the importance of responsible pet ownership.

We are grateful for this opportunity to use this column in a number of ways: featuring cats that are available for adoption, sharing stories of cats that have already passed through our rescue (happy ones and sad ones, because those happen too), announcing fundraising events, and providing educational content.

My name is Philemon or Phil for short. Do you like my picture? I've been practicing my "photo" face for back-to-school pictures. The little human in my foster family has been telling me all about going back to school and I want to go too!

She's told me all about the kids...love that! Recess...love that too! Lunchtime...definitely love that! She says I can't go, though, because I have my own big adventure to go on...getting adopted! She says my adventure will include people to snuggle me, toys to play with and most definitely lunchtime, so it sounds just as fun as school.

Speaking of fun, it's practically my middle name. If I ever do get to go to school, my foster family says I'll be the class clown. That's okay, I'm just a fun lovin', goofy guy that likes making people laugh. Then, when they're busy laughing, I jump up into their laps and purr like crazy because I just love people!

When I was a newborn, people rescued me and my sisters from under an old deck. A bit later my mom got rescued too, but she's never lived with people, so she didn't quite see it as rescuing. I, however, saw how kind people were that helped us and I'm not sure what's not to love.

Aside from making people happy, I know how use the litter box, I got something called a neuter, and I'm an expert snuggler and toy tackler. On second thought, maybe I don't need to go to school after all, I already know everything I need for my future job as someone's best friend. Do you think we could be best friends?

Phil is a shorthaired, white and brown male. His birthday is May 20, 2021. He is fully vetted and is a playful, sweet kitten. He is from our Greek litter and is available for adoption, along with his sister Phaedra. For more information, please contact us.
