

Adopt me and watch me blossom

Furever Friends Cat Rescue is a nonprofit organization based in Altona. We operate with volunteers, donations, and support from our community. Our mission is to rescue the lost, abandoned, and homeless cats in our community. We are dedicated to the care and wellbeing of our local feral cat population and to help educate the public on the need to spay/neuter pets, the prevention of animal cruelty, and the importance of responsible pet ownership.

Hi, my name is Moshi.

I was born at the Altona Greenhouse and lived there until just a short time ago. I enjoyed the attention from the customers. I also had some favourite staff that would carry me around and snuggle me, a bright spot in my sunny day!

But mostly I loved the flowers!

Some of the plants were very dangerous and I knew those would make me sick. Others were beautiful and smelled so good that I just wanted to eat them up! I would rub my face on them and smell the bright petals. Sometimes I would be so covered in pollen that the busy bees would follow me around - pesky things!

One day I was smelling the roses when Furever Friends Cat Rescue scooped me up. They said it was my turn to get a real home. I told them I already had a home at the greenhouse! They asked me what I was going to do when it gets cold, umm, I hadn't really thought that far ahead. I was just sitting back and watching the flowers bloom, but I know what happens in the fall...the flowers die once it gets cold. I didn't want that to happen to me, so I took their offer.

We went to the vet and I got a spay and a dental, but they haven't finished with my teeth yet. Once

they're done, I'll have none left! The volunteers said that I was probably sick as a little kitten and it gave me bad teeth and gums.

They told me not to worry though, nothing was going to happen to my nose, so I can still smell all the flowers. My foster mom often picks them and puts them near me. I think that's so sweet, so I give

her plenty of snuggles to let her know I appreciate it. I also appreciate the soft food I get now. I don't even need teeth to eat it!

I'm waiting for my furever home. If you like flowers and kitties, maybe you'll pick me, too.

Moshi is a shorthaired, grey tabby female. Her birthday is May 31, 2020. She just needs a bit more

dental work before she is ready for adoption. Moshi is a sweet cat with simple needs. For more information, please contact us. Call/text 204-304-9173, email furever_friends@icloud.com, visit our website www.fureverfriendssaltona.com, or find us on Facebook.
