

I'm just as normal and sweet as it gets

Furever Friends Cat Rescue is a nonprofit organization based in Altona. We operate with volunteers, donations, and support from our community. Our mission is to rescue the lost, abandoned, and homeless cats in our community. We are dedicated to the care and wellbeing of our local feral cat population and to help educate the public on the need to spay/neuter pets, the prevention of animal cruelty, and the importance of responsible pet ownership.

Hi, my name is Checkers!

I don't have a sad story. I'm just one of the many cats rescued from the pound. My story isn't traumatic, I didn't lose a leg in a trap or survive an awful illness. I'm just a regular, healthy cat with all four of my legs, full set of ears and no missing parts of my tail.

Maybe because my rescue story is boring, it makes me a very well-rounded cat! I have no behaviour problems. I won't start to tremble like a leaf when you pick me up or pee outside the litter box. I actually like being picked up! I love attention and being petted.

I didn't lose my confidence from being abused, so if you adopt me, I will make myself right at home. I won't hide under the couch for days or hiss at your children. In fact, I love kids! They're fun to play with and I'm gentle with them. I was never tossed out of a car window or abandoned on the road, so I have no residual limp or even a great sto-

ry to make you cry.

I'm just a regular cat.

I'll sit on your lap when you take the time to sit. I'll play with the toys you give me. I'll nap in the sun and hunt through your window. I'm as "normal" as you can get in a cat! I meow at mealtime. I sleep on the bed at night and relax on the couch during the day. I have no weird ticks or mannerisms, like some of those other rescue cats. I even like other cats and get along with dogs, too. I think I'm about the best cat Furever Friends Cat Rescue has right now and you should apply to adopt me!

I've already been completely vetted, including my neuter, vaccinations, tattoo, treatments, and blood tests. My vet said I'm really healthy and couldn't find anything majorly wrong with me. Shucks...those sick guys often get adopted right away!

Maybe a "normal" family will come along to adopt a "normal" cat like me. I know, I know, there's no such thing as a "normal" family. It's probably pretty rare to have such a "normal" rescue cat, too. I guess I'll just have to wait for the right family.

Will it be you?

Checkers is a shorthaired, white and black male. His birthday is June 17, 2020. He is fully vetted and an all around great cat. For more information, please contact us.
